

A Special Word from
PASTORS LARRY & TIZ HUCH

November 2018

“I heard you say 4 words that changed the course of my life...”

Dear Friend,

What an amazing moment for anyone! In an instant, one of our faithful partners' lives was changed forever. What were those extraordinary words?

“Jesus was a Jew!”

Incredible, but oh, so true!

For this man, who had been searching for something more meaningful and genuine in his faith, this was the **miracle breakthrough** he was looking for.

The surprising thing was that he and his wife had attended a strong Word of Faith church for many years. They heard faith sermons, prosperity sermons, healing sermons and more.

“I felt myself wanting something different. As I thought about that statement — that Jesus was a Jew — it caused a process I call an awakening.”

This was 6 years ago, when he discovered my book, *The Torah Blessing*. It launched him and his wife into the **Jewish roots revelation**. He told Tiz and me:

“I felt alive in my soul and felt God's presence in my life like never before!”

I can really relate to his experience

The same thing happened to me on my first trip to Israel almost 25 years ago, in Capernaum. This is the site of an ancient synagogue that many say was Jesus' synagogue.

The Lord spoke to me in that prophetic, anointed moment:

“I’m going to teach you to re-read the Bible through the eyes of a Jewish Jesus.”

That’s when Tiz and I began teaching the Jewish roots of Christianity. For a long time people wondered if I was a heretic. It’s only been in the past several years that I’ve gone from heretic to prophet.

Most Christians don’t even think about the fact that their Savior is Jewish.

But Jesus was born and raised in a Jewish home and was from the lineage of King David. He went to the Temple, attended synagogue, studied Torah, and celebrated Shabbat and all the Bible holidays. He was a Jewish rabbi, in Israel, and lived what we consider an orthodox life.

Paul was Jewish and a Pharisee. The other Apostles — like Peter, John and James — were Jewish.

Reading our Bibles through the eyes of a Jewish Jesus is not about legalism. It’s not about a ritual. **It’s about a revelation that will bring the Bible to life as never before!** It’s a valuable key to releasing new blessing and miracles into your life, ministry, family and finances.

We’re seeing a resurgence of Christians who want this same experience. They’ve begun standing with Israel, showing love for the Jewish people, and respecting our Jewish heritage.

This is a powerful sign that the Messiah is ready to return. In the End Times, Malachi said the hearts of the children [Christians] will return to the fathers [Jews]. (Malachi 4:5-6)

This faithful partner also told me he not only became a hearer of the Word, but he became a doer — a supporter of the work of our ministry. He told his wife that “effective immediately we will tithe and participate in the three First Fruits offerings every year.”

This led to a miracle harvest in their finances. It was exceedingly abundantly above and beyond anything they could have ever imagined.

Praise God! Their lives were changed forever — spiritually and financially. We truly believe this family’s miracle harvest is directly related to blessing Israel.

This is the foundation of our ministry. It’s why we’re good soil for your tithes and First Fruits offerings. We believe God’s promise in Genesis 12:3 — *“I will bless those who bless (Israel).”*

**We believe there’s no better ministry
project you could sow into right now than Project Aliyah.**

God has promised repeatedly in Scripture that in the last days the Jewish people who had been scattered across the world would return to Israel. This is Aliyah.

*‘Thus says the Lord God: “I will gather you from the peoples,
assemble you from the countries where you have been scattered,
and I will give you the land of Israel.”’*

Unfortunately, many Jews are living in fear. **Anti-Semitic incidents and hate speech are at an all-time high.** I read that nearly every minute of every day an anti-Semitic post is uploaded onto social media.

You might recall the horrifying news of the 85-year-old Holocaust survivor in France. She was stabbed 11 times and set on fire in her Paris apartment. Another elderly woman was thrown out of her apartment window by a fanatic who was yelling, “Allah Akbar.”

This is why Project Aliyah is so vital. Many Jewish people around the world are in hiding. They just don’t have the financial resources to flee their unbearable situations.

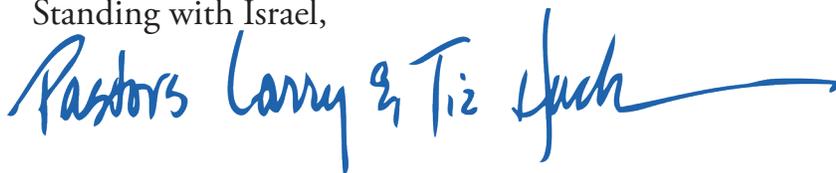

Government officials in Israel told us the critical need right now is helping the Jewish people escape and get into Israel. They have asked us to help with the cost of airfare. The average price of a ticket is \$750 per person, depending on the country.

Our goal in 2018 is to provide one million dollars toward this ongoing effort. We're very close but we need your help to fulfill our pledge by the end of the year. Every gift helps — large or small — please pray about sponsoring one or more people!

If God has blessed you with the finances to plant a major seed into this project, please prayerfully consider sponsoring the flights of 3, 5 or even 10 deserving Jewish people!

Your support will help us continue the fight against anti-Semitism. **Your gift will help make another dream come true.** Please let us hear from you today!
